Job Description of the ESID Education Working Party (WP) Chair

The ESID Education WP is formed by the Chairperson. Its goal is to offer educational opportunities in the field of PID to professionals to enthuse, inform, encourage and develop educational activities to build the next generation of PID physicians and researchers.

Main tasks and commitments:

- Create a working group to deliver ESID's Education.
- Advance, organise and lead the ESID Summer School
The ESID Summer Schools are residential study days, including interactive talks and workshops led by leaders in the field intertwined with social networking in a pleasant setting. ESID Junior members can apply to participate according to a procedure published on the ESID website. The submitted applications are evaluated by the Faculty, who ranks the applications and selects the participants and divers the programme.
- Develop the ESID online education programme (delivered via the ESID Educational Portal) in collaboration with the ESID Juniors WP.
- Work closely with the Chair of the ESID Juniors WP on other ESID education activities and initiatives.
- Lead assessment and allocation of fellowships and travel
The Educational WP awards travel grants to the ESID meeting, ESID Summer School and other affiliated meetings.
The Educational WP also awards fellowships to ESID junior members for further experience in the field of PID.
Short-term fellowships: duration of 1-2 months, EUR 1500 plus up to EUR 500 in travel support.

Medium-term fellowships: duration of 3 to 6 months, EUR 1000 per month, plus up to EUR 500 in travel support.

There are two application deadlines for each fellowship per year (April and October).

ESiD Research grant (ERG): The ERG programme aims to support PhD students or postdoctoral researchers who are / will be engaged in research projects in the field of PIDs. Applicants may request up to € 100,000 for a period of 24 months. Funds are not to exceed € 50,000 per year for each project.

The ESiD Educational WP Chair in collaboration with the Juniors WP Chair and the ESiD Board, assigns an expert review committee. The committee is composed of ESiD board members and also external international reviewers for the evaluation and ranking of the ERG applications and the selection of the candidate(s) to be awarded with the ERG.
