

CURRICULUM VITAE
THEODORA M. PAPASTAMATIOU, MD, PhD

PERSONAL DETAILS:

| | |
|------------------------|-------------------------------|
| Surname: | PAPASTAMATIOU |
| Name: | THEODORA |
| Gender: | Female |
| Date of Birth: | 29th December 1988 |
| Place of Birth: | Athens, Greece |
| Nationality: | Hellenic |
| Address: | 8 Syinis str, Lycabettus |
| Postcode: | 11521 |
| Town: | Athens |
| Country: | Greece |
| Telephone: | +30-6945 850 570 |
| Email: | papastamatiou-the@hotmail.com |

DEGREES:

- Supplementary Distance Education Programme (E-Learning) of Continuing Education and Lifelong Learning of the National and Kapodistrian University of Athens, Diploma: **“Immunology and autoimmune rheumatic diseases”**, October 2021 - May 2022, Greece. **Grade:** 85/100
- **Licence to Practice and Qualification of Medical Specialty: “Paediatrics” (2021)** General Directorate of Public Health and Social Care, Athens, Greece.
- **Degree (PhD) in Medicine (2020)**. National and Kapodistrian University of Athens, Athens, Greece. **Thesis Title:** “Evaluation of Protective Efficacy of Selected Immunodominant B-Cell Epitopes within Virulent Surface Proteins of Streptococcus pneumoniae”. **Grade:** “Excellent” (10/10)
- **Degree (MD) in Medicine (2013)**. National and Kapodistrian University of Athens, Athens, Greece. **Grade:** 8.08/10

WORK EXPERIENCE:

- **Clinical Fellow, Department of Immunology-Histocompatibility of “Aghia Sophia” Children’s Hospital**, Specialized Center & Referral Center of Primary Immunodeficiencies – Paediatric Immunology) (**March 2021– July 2022**).
- **Specialty Training (Paediatrics) post, Second Department of Paediatrics**, National and Kapodistrian University of Athens (NKUA), “Aglaia Kyriakou” Children’s Hospital, Athens, Greece (**25/07/2018–23/02/21**).

- **Sub investigator in the Clinical Study of acquired Bacterial Pneumonia Requiring Hospitalization**, A Multicenter, Randomized, Observer-Blinded, Active- Controlled Study of “CEREXA” for Forest Laboratories. Evaluating the Safety, Tolerability, Pharmacokinetics, and Efficacy of Ceftaroline Versus Ceftiaxone in Pediatric Subjects with Community- acquired Bacterial Pneumonia Requiring Hospitalization (01/10/2013–30/09/2014).

POST GRADUATE EDUCATIONAL PROGRAMS:

- **(Pending) ESID 1st PID Care in Development School, 15 - 17 September 2022 in Zagreb, Croatia**
- **ESID Summer School 2022, 5-8 May 2022, Vravra Greece**
- **ESPID Online Vaccination Course for Health Professionals**, European Society for Paediatric Infectious Diseases (ESPID) (01/04/2017–01/05/2017)
- **ESPID Online Vaccination Course for Health Professionals**, European Society for Paediatric Infectious Diseases (ESPID) (01/11/2015–01/12/2015)
- **Diploma on “Vaccinology” – Summer course**, University of Antwerp, Belgium, Antwerp (Belgium) (07/07/2014–14/07/2014)

HONORS

- **Young ESPID Coordinator, Meet-the-Expert sessions: Infections Suggesting Immunodeficiency**, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID) Greece, 9-13 May 2022
- **ESPID Travel Grant 2018**
- **ESPID Travel Grant 2017**
- **ESPID Small Grant Award 2016**. “The role of T-cells in the murine immune responses to synthetic PhtD_pep19 and PhtE_pep40 peptides of Pneumococcal Histidine Triad Proteins D(PhTD) and E (PhTE)”.
- **ESPID Travel Grant 2016**
- **ESPID RESEARCH MASTERCLASS 2015**. “Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of S. Pneumoniae in a murine model for pneumococcal sepsis”.

SELECTED PUBLICATIONS

- “Evaluation of Protective Efficacy of Selected Immunodominant B-Cell Epitopes within Virulent Surface Proteins of Streptococcus pneumoniae”. **Papastamatiou T**, Routsias JG, Koutsoni O, Dotsika E, Tsakris A, Spoulou V. Infect Immun 2018 Feb 20;86
- Participation in the editorial board of the book: Pocket Guide to the new doctor, evaluation of clinical and laboratory findings. Hellenic Medical Society Publications I. Parisianou 2011
- First Aid Dr .Miltiades Papastamatiou: Publications I. Parasianou 2011 Editor - syntax : **Theodora Papastamatiou**

- Treatment with Corticosteroids: latest facts about morbidities, hsjm official scientific journal of the scientific society of hellenic medical students -june 2011 **Theodora Papastamtiou**, Persefoni Papatheodosiou, Stilianos Kalimeris, Melpomeni Peppa.

SCIENTIFIC PRESENTATIONS (Oral):

- Diagnostic Challenge in a Girl with Prolonged Fever, Serosis, Hepatosplenomegaly and Lymphadenopathy, **Papastamtiou T.** MEET THE EXPERTS sessions: Infections Suggesting Immunodeficiency, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID), Greece 2022
- A Tricky Diagnosis of Neonatal Sepsis Presenting with Skin Lesions, **Papastamtiou T.** MEET THE EXPERTS sessions: Infections Suggesting Immunodeficiency, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID), Greece 2022
- A retrospective study of Skin manifestations of COVID-19 and MIS-c in children in Greece. 59th Panhellenic Pediatric Congress, Athens, Greece 2021
- The role of T-cells in the murine immune responses to synthetic PhtD_pep19 and PhtE_pep40 peptides of Pneumococcal Histidine Triad Proteins D(PhTD) and E (PhTE). **Papastamtiou T**, Routsias J., Lagousi T., Dotsika E., Koutsoni O. Karampetsou K., Tsakris A, Spoulou V. 36th Annual Meeting of European Society for Paediatric Infectious Diseases, Malmö, Sweden 2018
- Human and rabbit antibodies against immunodominant B-cell epitopes of surface pneumococcal proteins reduce adherence to human alveolar epithelial cells. Lagousi T., Routsias J., Basdeki P., Zoi I., **Papastamtiou T.**, Tsakris A., Piperi C., Spoulou V. 36th Annual Meeting of European Society for Paediatric Infectious Diseases, Malmö, Sweden 2018
- Immunogenicity of B-cell epitopes within virulent surface proteins of *S. pneumoniae* and opsonophagocytic killing assay of their specific anti-peptide antibodies in a rabbit model. **Papastamtiou T.**, Routsias J., Maurouli M., Dotsika E., Koutsoni O. Tsakris A, Spoulou V. 27th European Congress of Clinical Microbiology and Infectious Diseases, Vienna, Austria 2017
- Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of *S. Pneumoniae* in a murine model for pneumococcal sepsis. **Papastamtiou T.**, Routsias J., Dotsika E., Koutsoni O. Tsakris A, Spoulou V. 34rd Annual Meeting of European Society for Paediatric Infectious Diseases, UK. Brighton, 2016
- Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of *S. Pneumoniae* in a murine model for pneumococcal sepsis. **Papastamtiou T.**, Routsias J., Lagousi T., Dotsika E., Koutsoni O. Tsakris A, Spoulou V. "ESPID Research Masterclass (ERMC) 2015". 33rd Annual Meeting of European Society for Paediatric Infectious Diseases, Leipzig, Germany 2015
- Opsonophagocytic killing assay of specific antibodies against B-cell epitopes within virulent surface of *S. pneumoniae* proteins. **Papastamtiou T.**, Routsias J., Tsakris A, Spoulou V. 33rd Annual Meeting of European Society for Paediatric Infectious Diseases, Leipzig, Germany 2015

SCIENTIFIC PRESENTATIONS (Poster):

- *(Pending)* MEASUREMENT OF SARS-COV-2 ABS IN PATIENTS WITH X-LINKED AGAMMAGLOBULINEMIA (XLA) RECEIVING IMMUNOGLOBULIN PRODUCTS. **T. PAPANASTAMATIOU**, S. TANTOU, E. ZAIMAKI, S. MPATSIKOURA, M. TZANOUDAKI, M. LIATSI, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- *(Pending)* ANTIBODY RESPONSES FOLLOWING COVID-19 VACCINATION IN PATIENTS WITH COMMON VARIABLE IMMUNODEFICIENCY (CVID). **T. PAPANASTAMATIOU**, S. TANTOU, E. ZAIMAKI, S. MPATSIKOURA, M. TZANOUDAKI, M. LIATSI, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- *(Pending)* A DIAGNOSIS OF VERY EARLY-ONSET OF CHRONIC GRANULOMATOUS DISEASE (CGD) IN A NEONATE. **T. PAPANASTAMATIOU**, S. TANTOU, K. TATAROPOULOU, K. SYGGELOU, E. ELEUTHERIOU, M. TZANOUDAKI, M. KANARIOU, M. LIATSI, N. Spyridis, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- A TRICKY DIAGNOSIS OF MYCOPLASMA PNEUMONIAE-INDUCED RASH AND MUCOSITIS (MIRM). **Papanastamatiou T.** Amoutza G. Tsolia M. 38th Annual Meeting of the European Society for Paediatric Infectious Diseases Rotterdam 2020
- Evaluation of Immunogenicity and Opsonophagocytic Assay (OPKA) of specific antibodies against B-cell epitopes within PhtD and PhtE virulent surface proteins of S.pneumoniae in rabbits. **Papanastamatiou T.**, Routsias J., Lagousi T., Dotsika E., Koutsoni O. Karampetsou K., Tsakris A, Spoulou V. 35th Annual Meeting of European Society for Paediatric Infectious Diseases, Madrid, Spain 2017

SCIENTIFIC SOCIETIES MEMBERSHIP:

- European Society for Paediatric Infectious Diseases (ESPID)
- European Society for Immunodeficiencies (ESID)

LANGUAGES

- **English language (2019): EDEXCEL LEVEL 3 CERTIFICATE IN ESOL (C2)**
- **French language (2005): "Sorbonne C2"**
