
13TH STEM CELL CLONALITY AND GENOME STABILITY RETREAT

OCTOBER 23, 2023
BRUSSELS, BELGIUM

The Transatlantic Gene Therapy Consortium gladly invites you to join us at the **13th Stem Cell Clonality and Genome Stability Retreat**. This meeting brings together international experts to discuss state-of-the-art gene transfer and gene editing, new vector approaches, and insertional genome biology.

Organizing Committee:

Christopher Baum, Claire Booth, Pietro Genovese, Don Kohn, Caroline Kuo, Sung-Yun Pai, Axel Schambach, Adrian Thrasher, Anna Villa, and David Williams

CONTENT

Short impact talks, in an intimate setting, led by international experts in the field.

VENUE

Hotel Le Plaza Brussels,
Adolphe Maxlaan 118/126,
1000 Brussel, Belgium

TOPICS

Gene Editing, In Vivo Delivery,
Cellular Immunological Responses,
Clinically Relevant Vector
Insertion

Limited to 120 participant. Registration is required:
