

CURRICULUM VITAE
THEODORA M. PAPASTAMATIOU, MD, PhD

PERSONAL DETAILS:

Surname:	PAPASTAMATIOU
Name:	THEODORA
Gender:	Female
Date of Birth:	29th December 1988
Place of Birth:	Athens, Greece
Nationality:	Hellenic
Address:	8 Syinis str, Lycabettus
Postcode:	11521
Town:	Athens
Country:	Greece
Telephone:	+30-6945 850 570
Email:	papastamatiou-the@hotmail.com

DEGREES:

- Supplementary Distance Education Programme of Continuing Education and Lifelong Learning of the National and Kapodistrian University of Athens, Diploma: **“Immunology and autoimmune rheumatic diseases”**, Oct. 2021 - May 2022, Greece. **Grade:** 85/100
- **Licence to Practice and Qualification of Medical Specialty: “Paediatrics” (2021)** General Directorate of Public Health and Social Care, Athens, Greece.
- **Degree (PhD) in Medicine (2020).** National and Kapodistrian University of Athens, Athens, Greece. **Thesis Title:** “Evaluation of Protective Efficacy of Selected Immunodominant B-Cell Epitopes within Virulent Surface Proteins of Streptococcus pneumoniae”. **Grade:** “Excellent” (10/10)
- **Degree (MD) in Medicine (2013).** National and Kapodistrian University of Athens, Athens, Greece. **Grade:** 8.08/10

WORK EXPERIENCE:

- **Pediatrician, Department of Pediatrics,** Konstantopoulio General Hospital, Athens, Greece (26/05/23-Present)
- **Clinical fellowship in Immunology and Histocompatibility Department, Evangelismos General Hospital, Athens, Greece.** Specialized Center of Primary Immunodeficiencies (01/04/ 23- Present)
- **Clinical Fellow, Department of Immunology-Histocompatibility of “Aghia Sophia” Children’s Hospital,** Specialized Center & Referral Center of Primary Immunodeficiencies – Pediatric Immunology) (30/03/ 2021-30/03/23).

- **Pediatrician, Department of Pediatrics, Second Department of Paediatrics, National and Kapodistrian University of Athens (NKUA), “Aglaia Kyriakou” Children’s Hospital, Athens, Greece (30/03/21- 23/05/23)**
- **Specialty Training (Pediatrics) post, Second Department of Paediatrics, National and Kapodistrian University of Athens (NKUA), “Aglaia Kyriakou” Children’s Hospital, Athens, Greece (25/07/2018–30/03/21).**
- **Sub investigator in the Clinical Study of acquired Bacterial Pneumonia Requiring Hospitalization, A Multicenter, Randomized, Observer-Blinded, Active- Controlled Study of “CEREXA” for Forest Laboratories. Evaluating the Safety, Tolerability, Pharmacokinetics, and Efficacy of Ceftaroline Versus Ceftiaxone in Pediatric Subjects with Community-acquired Bacterial Pneumonia Requiring Hospitalization (01/10/2013–30/09/2014).**

POST GRADUATE EDUCATIONAL PROGRAMS:

- **ESID Diagnostic Workshop 2023, December 4-6, 2023, Freiburg, Germany**
- **“GOSH immunology education days 1 and 2”, Great Ormond Street Hospital, 19th- 20th April, 2023**
- **ESID Summer School 2023, May 11-14, 2022, Vravrona Greece**
- **25th Annual Walter Marget Workshop, 41st Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID 2023), May 8 - 12, 2023 Portugal**
- **ESID 1st PID Care in Development School, 15 - 17 September 2022 in Zagreb, Croatia**
- **ESID Summer School 2022, May 5-8, 2022, Vravrona Greece**
- **ESPID Online Vaccination Course for Health Professionals, European Society for Paediatric Infectious Diseases (ESPID) (01/04/2017–01/05/2017)**
- **ESPID Online Vaccination Course for Health Professionals, European Society for Paediatric Infectious Diseases (ESPID) (01/11/2015–01/12/2015)**
- **Diploma on “Vaccinology” – Summer course, University of Antwerp, Belgium, Antwerp (Belgium) (07/07/2014–14/07/2014)**

HONORS

- **2023- 2024: Young ESID moderator in European Society for Immunodeficiencies (ESID) In Juniors Journal Club and Clinical Cases sessions**

- **Elected ESID Junior Representative of Greece 2022-2024** in European Society for Immunodeficiencies (ESID)
- **2022 Laureate in ESID 2022:** “Diagnosis of Neonatal Sepsis Presenting with Skin Lesions” 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- **Best Clinical Case Presentation in ESID 1st PID Care in Development School**, 15 - 17 September 2022 in Zagreb
- **Young ESPID Coordinator, Meet-the-Expert sessions: Infections Suggesting Immunodeficiency**, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID) Greece, 9-13 May 2022
- 20/06/2021- up to date: **Reviewer** in “The Pediatric Infectious Disease Journal”
- **ESPID Small Grant Award 2016.** “The role of T-cells in the murine immune responses to synthetic PhtD_pep19 and PhtE_pep40 peptides of Pneumococcal Histidine Triad Proteins D(PhTD) and E (PhTE)”.
- **ESPID Travel Grant 2018**
- **ESPID Travel Grant 2017**
- **ESPID Travel Grant 2016**
- **ESPID RESEARCH MASTERCLASS 2015.** “Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of *S. Pneumoniae* in a murine model for pneumococcal sepsis”.

SELECTED PUBLICATIONS

- “Evaluation of Protective Efficacy of Selected Immunodominant B-Cell Epitopes within Virulent Surface Proteins of *Streptococcus pneumoniae*”. **Papastamatiou T**, Routsias JG, Koutsoni O, Dotsika E, Tsakris A, Spoulou V. *Infect Immun* 2018 Feb 20;86
- Participation in the editorial board of the book: *Pocket Guide to the new doctor, evaluation of clinical and laboratory findings*. Hellenic Medical Society Publications I. Parisianou 2011
- *First Aid Dr .Miltiades Papastamatiou*: Publications I. Parasianou 2011 Editor - syntax : **Theodora Papastamatiou**
- *Treatment with Corticosteroids: latest facts about morbidities*, hsjm official scientific journal of the scientific society of hellenic medical students -june 2011 **Theodora Papastamtiou**, Persefoni Papatheodosiou, Stilianos Kalimeris, Melpomeni Peppa.

SCIENTIFIC PRESENTATIONS (Oral):

- Clinical Case Presentation “A 14-year-old girl, with alopecia, hypothyroidism, leukopenia and hypogammaglobulinemia”. **Papastamatiou T.** ESID Diagnostic Workshop 2023, December 4-6, 2023, Freiburg, Germany
- "VARIOUS AUTOIMMUNE MANIFESTATIONS IN CHILDREN WITH PRIMARY IMMUNE DEFICIENCY" Papastamatiou Theodora, Annual Immunology Seminar "Autoimmunity: From Molecular Biology to Clinical Practice". Evaggelismos General Hospital, November 24-26, 2023, Athens
- DIAGNOSTIC APPROACH OF A CASE: “PERSISTING EOSINOPHILIA AND INCREASED IgE WITHOUT OBVIOUS CAUSE” ., **Papastamatiou T.** 61th Panhellenic Pediatric Congress, Ioannina, Greece 2023
- Presentation of a clinical case ‘‘ A girl of 13 months with severe respiratory distress, recurrent low-grade fever, and failure to thrive’’ at Aghia Sophia Hospital during the Open session as part of the 2023 ESID Summer School, May 11 – May 14, 2023, Athens, Greece.
Papastamatiou T.
- ESID Juniors Clinical Case Presentation ‘‘ A girl with Prolonged Fever, Serosis, Hepatosplenomegaly and Lemphadenopathy’ held online on 27th March 2023.
Papastamatiou T.
- Eating Shushi, tasteful but dangerous. **Papastamatiou T.** Greek Paediatric Allergy Society (GPAS) Annual National Meeting Greece, October 2022
- “Diagnosis of Neonatal Sepsis Presenting with Skin Lesions” **Papastamatiou T.** Laureate in ESID 2022: 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- Diagnostic Challenge in a Girl with Prolonged Fever, Serosis, Hepatosplenomegaly and Lemphadenopathy, **Papastamatiou T.** MEET THE EXPERTS sessions: Infections Suggesting Immunodeficiency, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID), Greece 2022
- A Tricky Diagnosis of Neonatal Sepsis Presenting with Skin Lesions, **Papastamatiou T.** MEET THE EXPERTS sessions: Infections Suggesting Immunodeficiency, 40th Annual Meeting of the European Society for Paediatric Infectious Diseases (ESPID), Greece 2022
- **A retrospective study of Skin manifestations of COVID-19 and MIS-c in children in Greece. 59th Panhellenic Pediatric Congress, Athens, Greece 2021**
- The role of T-cells in the murine immune responses to synthetic PhtD_pep19 and PhtE_pep40 peptides of Pneumococcal Histidine Triad Proteins D(PhTD) and E (PhTE). **Papastamatiou T.**, Routsias J., Lagousi T., Dotsika E., Koutsoni O. Karampetsou K., Tsakris A, Spoulou V. 36th Annual Meeting of European Society for Paediatric Infectious Diseases, Malmö, Sweden 2018
- Human and rabbit antibodies against immunodominant B-cell epitopes of surface pneumococcal proteins reduce adherence to human aveolar epithelial cells. Lagousi T., Routsias J., Basdeki P., Zoi I., **Papastamatiou T.**, Tsakris A., Piperi C., Spoulou V. 36th Annual Meeting of European Society for Paediatric Infectious Diseases, Malmö, Sweden 2018
- Immunogenicity of B-cell epitopes within virulent surface proteins of *S. pneumoniae* and opsonophagocytic killing assay of their specific anti-peptide antibodies in a rabbit model. **Papastamatiou T.**, Routsias J., Maurouli M., Dotsika E., Koutsoni O. Tsakris A, Spoulou V.

27th European Congress of Clinical Microbiology and Infectious Diseases, Vienna, Austria 2017

- Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of *S. Pneumoniae* in a murine model for pneumococcal sepsis. **Papastamatiou T.**, Routsias J., Dotsika E.,Koutsoni O. Tsakris A, Spoulou V. 34rd Annual Meeting of European Society for Paediatric Infectious Diseases, UK. Brighton, 2016
- Evaluation of immunogenicity and protective efficacy of selected immunodominant B-cell epitopes within virulent surface proteins of *S. Pneumoniae* in a murine model for pneumococcal sepsis. **Papastamatiou T.**, Routsias J.,Lagousi T., Dotsika E.,Koutsoni O. Tsakris A, Spoulou V. "ESPID Research Masterclass (ERMC) 2015". 33rd Annual Meeting of European Society for Paediatric Infectious Diseases, Leipsig, Germany 2015
- Osponophagocytic killing assay of specific antibodies against B-cell epitopes within virulent surface of *S. pneumoniae* proteins. **Papastamatiou T.**, Routsias J., Tsakris A, Spoulou V. 33rd Annual Meeting of European Society for Paediatric Infectious Diseases, Leipsig, Germany 2015

SCIENTIFIC PRESENTATIONS (Poster):

- MEASUREMENT OF SARS-COV-2 ABS IN PATIENTS WITH X-LINKED AGAMMAGLOBULINEMIA (XLA) RECEIVING IMMUNOGLOBULIN PRODUCTS. **T. PAPANASTAMATIOU**, S. TANTOU, E. ZAIMAKI, S. MPATSIKOURA, M. TZANOUDAKI, M. LIATSI, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- ANTIBODY RESPONSES FOLLOWING COVID-19 VACCINATION IN PATIENTS WITH COMMON VARIABLE IMMUNODEFICIENCY (CVID). **T. PAPANASTAMATIOU**, S. TANTOU, E. ZAIMAKI, S. MPATSIKOURA, M. TZANOUDAKI, M. LIATSI, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- SARS-COV2 SPECIFIC T CELL IMMUNITY IN ANTIBODY DEFICIENT PATIENTS. M.Tzanoudaki,S.Tantou, **T.Papanastamatiou**, Kane , V.Polaki, M.Liatsis.
- A DIAGNOSIS OF VERY EARLY-ONSET OF CHRONIC GRANULOMATOUS DISEASE (CGD) IN A NEONATE. **T. PAPANASTAMATIOU**, S. TANTOU, K. TATAROPOULOU, K. SYGGELOU, E. ELEUTHERIOU, M. TZANOUDAKI, M. KANARIOU, M. LIATSI, N. Spyridis, 20th Biennial Meeting of the European Society for Immunodeficiencies (ESID) Sweden, October 2022.
- A TRICKY DIAGNOSIS OF MYCOPLASMA PNEUMONIAE-INDUCED RASH AND MUCOSITIS (MIRM). **Papastamatiou T.** Amoutza G. Tsolia M. 38th Annual Meeting of the European Society for Paediatric Infectious Diseases Rotterdam 2020
- Evaluation of Immunogenicity and Osponophagocytic Assay (OPKA) of specific antibodies against B-cell epitopes within PhtD and PhtE virulent surface proteins of *S.pneumoniae* in rabbits. **Papastamatiou T.**, Routsias J.,Lagousi T., Dotsika E.,Koutsoni O. Karampetsou K., Tsakris A, Spoulou V. 35th Annual Meeting of European Society for Paediatric Infectious Diseases, Madrid, Spain 2017

SCIENTEFIC SOCIETIES MEMBERSHIP:

- European Society for Paediatric Infectious Diseases (ESPID)
- European Society for Immunodeficiencies (ESID)

LANGUAGES

- **English language (2019): EDEXCEL LEVEL 3 CERTIFICATE IN ESOL (C2)**
- **French language (2005): "Sorbonne C2" (C2)**
