ESID SUMMER SCHOOL 2027

DETAILS

Location: **Playafels Hotel, Castelldefels, Barcelona, Spain**

Carrer Ribera de Sant Pere, 1-9, 08860 Castelldefels

Dates: May 13th to May 16th, 2027

AIM OF THE SCHOOL

Annually organized, the ESID Summerschool hosts a selected group of pediatricians, adult physicians and immunologists who have recently started their career in the field of primary immunodeficiencies. Guided by ten international experts the participants will be given the space to discuss and learn in a friendly atmosphere about the recent advances in diagnosis and treatment of patients with inborn errors of immunity.

Accreditation for this event will be requested. Previous editions have been granted with 18.5 European CME credits (ECMEC®s) by the European Accreditation Council for Continuing Medical Education (EACCME®).

TYPE OF SESSIONS

CLINICAL CASES (Problem Based Learning):

Objective: to address real-life situations and use them as a platform to discuss different educational points regarding diagnosis and management of patients with primary immunodeficiencies. The cases have been previously reviewed and selected by members of ESID Board. Scheme: Brief introduction to the session and wrap-up by an expert (15-20') Case discussion: 5-10' presentation plus discussion (20' maximum per case)

FACULTY LECTURES

Objective: Short talks from international experts focusing on one or two relevant topics in the management or diagnosis of patients with inborn errors of immunity.

COMMUNICATION SKILLS

Objective: to teach students how to communicate with patients in the field of Inborn Errors of Immunity, especially in difficult situations or for difficult life choices. The students need to provide clear information to allow families and patients to make their choice among treatment options.

OPEN SESSION

Objective: To bring the opportunity to all healthcare professionals and researchers interested in PID to listen and learn from international experts either on site or online.
